REPORT OF ASSOCIATED
CHARITIES FOR OCTOBER

Of the ten new applications this
month, four were men asking temporary
relief—given two or three meal tickets,
they did not come again. One man evi-
dently had a fervent desire to escape
work; being sent to this office for re-
lief, he was asked what his trouble
was, said he had a sore foot. Think-
ing it must be something serious, to
prevent his working, the manager sent
him with a note to the superintendent
of the Queen's Hospital. Making in-
quiries two or three days after, she was
informed that the man had a corn! The
doctor pared it off and sent him home.
It is presumed that for very shame, he
has not made a second application.

A Portuguese, one of the last lot of
immigrants, who has been some
months in the hospital and undergone
two operations, not quite strong enough
to return to the plantation, asked for
temporary relief. A young Hawaiian
girl is receiving milk for her child, un-
til the end of November, when the one
befriending her has been advised to
take her to the Salvation Army Home.
A young Spanish woman, inclined to
become a professional beggar, has been
remonstrated with, both at the Asso-
ciated Charities office and at the Pala-
ma Settlement, where they are caring
for her child in the day nursery, so
that the mother may work. She has
been assisted with food, clothing and
a lodging, and should not be begging.
These are some of the new cases. There
were forty-one recurrent cases. An old
Porto Rican woman and her grandson,
whom we had been caring for more than
a year, was furnished with warm cloth-
ing and sent to San Francisco, where
she has a daughter. Mrs. Moses, the
College Club nurse, has consulted with
the manager several times. In one in-
stance, a mattress was given for a Ha-
waiian patient, who is sleeping on his
lanai, and showing an improved con-
dition. Sent three patients to the hos-
pital.

Have been asked to take interest in
a woman, recently widowed, whose
mind has been somewhat unsettled for
the last two years. Kind friends have
contributed money which has been plac-
ed in the hands of the manager for the
care of this afflicted one.

Employment has been provided for
seven women. It seems as if the time
had arrived for a County Infirmary,
where old and decrepit men and wom-
en can be cared for. The Hawaiians
have such a home, but there is nothing
for other nationalities, and the need is
especially great among the Portuguese.
The young people of this nationality
marry so early, and have such large
families, that they have neither room
nor means to care for the old folks.
There are several single old men, who
could be better looked after in a home.
It is hoped that this may be taken
into consideration by the proper body
of officials.

A letter was received from the man-
ager of a prominent business firm of
Honolulu, stating that the directors had
voted twenty-five dollars a month to be
given for the work of the associa-

THE TRUTH ALWAYS.

"When you are in doubt tell
the truth." It was an experi-
enced old diplomat who said this to
a beginner in the work. It
may pass in some things, but
not in business. Fraud and de-
ception are often profitable so
long as concealed; yet detection
is certain sooner or later; then
comes the smash-up and the
punishment. The best and safest
way is to tell the truth all the
time. Thus you make friends
that stick by you, and a reputa-
tion that is always worth twenty
shillings to the pound every-
where your goods are offered for
sale. We are able modestly to
affirm, that it is on this basis
that the world-wide popularity of
WAMPOLE'S PREPARATION

rests. The people have discover-
ed that this medicine is exactly
what it is said to be, and
that it does what we have al-
ways declared it will do. Its na-
ture also has been frankly made
known. It is palatable as honey
and contains all the curative
properties of pure Cod Liver
Oil, extracted by us from fresh
cod livers, combined with the
Compound Syrup of Hypophos-
phites and the Extracts of Malt
and Wild Cherry. A combi-
nation of supreme excellence
and medicinal merit. Nothing
has been so successful in Ane-
mia, Scrofula, Bronchitis, Influenza,
Loss of Flesh, Wasting
Diseases, and Coughs and Colds.
Dr. Austin D. Irvine, of Canada,
says: "I have used it in cases
where cod liver oil was indica-
ted but could not be taken by
the patient, and the results fol-
lowing were very gratifying." It
cannot deceive or disappoint you,
is effective from the first dose
and comes to the rescue of those
who have received no benefit
from any other treatment. It
represents the dawn of progress.
Sold by all chemists everywhere.

tion, until further notice. This was
most heartily appreciated and grate-
fully acknowledged.

One hundred and sixty-three calls
were received at the office of the As-
sociated Charities and the manager
made forty-three visits. The work of
the Friendly Visitors is much ap-
preciated and means much in the way
of encouragement to a cleaner and more
wholesome life, to the families visited.

ing to the Associated Charities. Chil-
dren's clothing especially is always in
demand, but nothing comes amiss.

A. C. J.

Manager, Associated Charities.

DES MOINES MAN HAS
LEPER OIL CONTRACT

DES MOINES, Iowa, October 22.—
F. C. Waterbury, leaving Hawaii for
Australia, cabled his brother, Eugene
W. Waterbury, in Des Moines, to for-
ward a large order of the Waterbury
company's metabolized cod liver oil
for use in the leper colony in Molokai
Settlement.

A two-year contract has been made
for the use of the preparation in the
effort to cure the lepers, and it is
thought probable by the government
experts who recommended the contract
that the product which will prove a
scientific and actual cure for the most
tragic disease in the world will be
manufactured in Des Moines.

Dr. J. W. Goodhue, physician to the
Board of Health of the Territory of
Hawaii, after investigating the remedy,
urged the board to contract for its use.
F. C. Waterbury appeared before the
board and closed the contract for the
Des Moines preparation. The first ship-
ment has gone forward.

The Molokai leper settlement is one
of the most remarkable institutions in
the world. About one thousand victims
of the disease are located there by the
government.

The remarkable thing about the col-
ony is the fact that persons reexamined
and offered a chance to leave it invari-
ably refuse. The lepers are animated
by the same emotions and within the
sphere of their activity have the same
hopes and ambitions that free men
have. They vote and are interested in
politics, and a blind lawyer on the
island has become perhaps the best
chess player in the world.

Mr. Waterbury says that despite the
sentimentalism connected with the dis-
ease, in fact the lepers live better in
their village than do most of the people
outside of it. The Hawaiian govern-
ment takes care of the expense. In
proportion, if this country maintained
such a colony here, it would cost \$73-
000,000 a year and care for 533,000
people.

Mr. Waterbury has sent his brother
here a large assortment of interesting
relics from the Hawaiian Islands. A
stone idol, a pipe, a book, pairs of slip-
pers, red sea beads and a number of
other interesting articles, including
wall paper made of bananas, are in-
cluded.

While in the Islands Mr. Waterbury
began experiments, with the army
chemists, on isolating the active prin-
ciple of a native plant or citrus fruit,
papaya, which, it is thought, will yield
a digestive agent equal to or better
than the rennet made from calves' stomachs.

"THE HEALING MINISTRY."

At the mid-week meeting of Central
Union church this evening the subject
will be "The Healing Ministry of
Jesus in the Life of Today." The
scriptural reference is four verses of
St. Matthew, which chapter contains
accounts of many cures by the Savior,
the concluding phrase of the sixteenth
verse being, "and healed all that were
sick."

No doubt this evening there will be
mention and close examination of the
now famous "Emanuel Movement," in
which numberless churen people are in-
terested.

The literature of the day which
touches upon the subject for this meet-
ing includes: "Religion and Medi-
cine," "This Mystical Life of Ours,"
"The Psychic Treatment of Nervous
Disorders," "The Influence of Mind
on Body," "Power Through Repose."

Contract Surgeon Francis McCallum,
U. S. A., who recently went to the
general hospital at the Presidio, will
return to Fort Shafter on the Decem-
ber transport and resume his duties in
the post hospital.
